EXPERIENCE

General Assembly Boston, MA *Software Engineer Fellow*

OCTOBER 2019 - January 2020

500+ hours of Software Engineer training program where I built 4 full stack SPAs. Studied various other modern languages, frameworks, and tools.

Projects:

- Get It Done: Task scheduler that uses React, PostgreSQL, and Ruby on Rails. Completed in 4 days.
- Poll-ar Bear: Group project. Survey SPA built using JavaScript, jQuery, Ajax, MongoDB, Node.js, Express. Completed in 3 days.
- CopmoundingTracker: Pharmaceutical compounding tracker SPA using JavaScript, jQuery, Ajax, PostgreSQL, Ruby on Rails. Completed in 4 days.
- Tic-Tac-Toe: Single page app that lets you play tic-tac-toe using JavaScript, jQuery, Ajax, Sass, Bootstrap. Completed in 4 days.

Angell Pharmacy Boston, MA *Certified Pharmacy Technician*

SEPTEMBER 2016 - OCTOBER 2019

Ensure the safety of internal patients by verifying/preparing over 300 prescriptions each day. Compound in-patient/out-patient prescriptions.

BIDMC/Harvard Medical School - Center for Molecular Imaging Boston, MA *Research Student - Oncology*

APRIL 2012 - DECEMBER 2014

Prepare, analyze test samples using UPLC.

Write and maintain SOP for RAW stem cell derivation and UPLC operation.

EDUCATION

MCPHS University Boston, MA *Bachelor of Science, Pharmaceutical Sciences*

SEPTEMBER 2010 - MAY 2016

Courseworks: Pharmaceutics, Pharmacy Management, Pathophysiology, Therapeutics, and Pharmacology. GPA 3.4/4.0
